### **DETAILED ACTION**

Applicants' response, which included amendment to claims 1 and 4-8, filed on 4/3/2007, is made of record. Claims 1-11 are pending. In view of applicants' response, 112 second paragraph rejection of claim 1 and 103 rejection of claims 1-11 made in the previous office action have been obviated. However, the 112 second paragraph rejection of claim 5-8 is maintained and in addition, the following new grounds of rejection is applied to claims 5-8.

#### ***Information Disclosure Statement***

Reference cited in the Information Disclosure Statement, filed on 11/15/2006, is made of record.

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 5-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Following reasons apply.

1. Claims 5-8 appear to be duplicates of claim 4 as there is no material difference between claim 4 and claims 5-8. Note the same active ingredient is used for the composition. Note there is no material difference between these claims and claim 4 as they rely on the same scope of active ingredient. Different intended use in such claims are given no material weight. Note In re Tuominen 213 USPQ 89.

Art Unit: 1624

This rejection is same as made in the previous office action. Applicants' amendment to these claims did not overcome this rejection. As noted before, there is not material difference between claim 4 and claims 5-8.

2. Claims 5-8 provide for the use of compound of formula I of claim 1 but, since the claim does not set forth any steps involved in the method/process, it is unclear what method/process applicant is intending to encompass. A claim is indefinite where it merely recites a use without any active, positive steps delimiting how this use is actually practiced. Note if rewritten as method of use claims, these claims would be duplicate claims of claims 9-11.

***Claim Rejections - 35 USC § 101***

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 5-8 are rejected under 35 U.S.C. 101 because the claimed recitation of a use, without setting forth any steps involved in the process, results in an improper definition of a process, i.e., results in a claim which is not a proper process claim under 35 U.S.C. 101. See for example *Ex parte Dunki*, 153 USPQ 678 (Bd.App. 1967) and *Clinical Products, Ltd. v. Brenner*, 255 F. Supp. 131, 149 USPQ 475 (D.D.C. 1966).

***Allowable Subject Matter***

Claims 1-4 and 9-11, barring finding of any prior art in a subsequent search, are allowed, as prior art search in the related area did not teach or suggest the compounds and the method of use embraced in claims 1-4 and 9-11.

**Conclusion**

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
